

HopeKids families have applied and a select number of them will be chosen to attend Week of Hope, a once-in-a-lifetime opportunity to spend five nights at Flathead Lake Lodge located in northwest Montana. Flathead Lake Lodge will have a nurse/medic on site but is located 25 miles away from Kalispell Regional Medical Center. Additionally, the lodge is located at an altitude close to 3,000 feet above sea level.

### Medical Consent Form

Listed below are just a few of the activities offered during this trip:

- On-site, private accommodations for each family
- Water activities (swimming, water surfing, wakeboarding, boating, canoes, paddleboards)
- Horseback riding
- Biking/hiking
- Trap shooting
- Laser tag
- Campfires/s'mores
- Elk farm tour
- Off-site trip to Glacier National Park

To attend Week of Hope, families must receive medical consent from their child's treating physician to confirm that they are able to travel and participate. The family listed below is applying for consideration and must receive medical clearance to receive final confirmation of participation.

### Family Information:
